Scope

Articles covering theoretical and practical applications related (but not limited) to the following topics are invited:

- supervised and unsupervised learning
- reinforcement learning
- neural networks theory and applications
- deep neural networks
- support vector machines
- evolutionary computing
- feature selection and extraction
- data mining
- big data analysis
- data streams
- expert systems
- fuzzy intelligent systems
- fuzzy logic and fuzzy set theory
- soft computing in applications
- computer vision
- pattern recognition
- bioinformatics.

Important dates

Submission deadline: **31 March 2021**
Notification of acceptance: **30 June 2021**
Possible publication: **September 2021**

Information for authors

- The papers should meet high quality journal manuscript guidelines, in terms of research results, editorial quality, and language. Poorly written manuscripts will not be considered for review.
- The submission must be done online at www.amcs.uz.zgora.pl/?action=submission.
Important! In your submission (both the file and the form), please put as the first keyword capitalized **RZESZOW**.
- The papers should be prepared with the journal LaTeX template, following strictly the guide for authors available at www.amcs.uz.zgora.pl/?action=guide.
- The submissions will undergo a review process, following the journal rules.
- The final decision will be made by the journal's Editor-in-Chief and Guest Editors.
- Please note that publication in AMCS is subject to page charges, invoiced upon paper acceptance. For details, please visit www.amcs.uz.zgora.pl/?action=guide.
